# Come and join us, our family is getting back on track

It goes without saying that it was a tough season for everyone. Expectation levels were raised far too high back in the summer of 2007 and it's not surprising that immense disappointment ensued. Our expectations for next season have to be realistic, there will be no spin, but we do envisage a vastly improved performance both on and off the pitch.

In Ian McParland, David Kevan and Tommy Johnson we have an excellent football management and coaching team. They have proven that they can attract quality players to Notts County and their coaching credentials are well respected throughout football. Added to this, is their commitment, desire and passion to move our Club forward again. Let's give them all the support we can.

We have to draw a line under our recent history (on and off the pitch) and it is now time to move onwards and upwards. The slate is clean. Ian and David are working hard during the close season to assemble a Notts County team we can all be proud to support again. Signing Michael Johnson up for next season is evidence of the Club's intent, as is the re-signing of Michael Edwards and, by the time you read this, hopefully, more quality players will have been added to the squad.

Our supporters are the heartbeat of our Club and who will ever forget the magnificent vocal support you all gave during those last two home games. You will already know the Kop will be ours from next season onwards and we expect the atmosphere levels to be raised considerably. Let's make it fortress Meadow Lane again.

Plans are now evolving rapidly towards the re-launch of our Centre of Excellence next season. The Centre will be under the direction of Mick Leonard, who is both highly qualified and respected. It will be a few

years before we see the fruits from the centre in terms of players stepping up to the professional level, but we are getting back to our roots.

Our squad will have new training facilities next season and before the season comes to an end, we hope to have moved into the Club's new and more permanent training base which will also become home to our Centre of Excellence.

Next season, we believe, will be an exciting and positive time for our Club and its supporters, finally bringing an end to all the negativity that has surrounded us for much too long.
